WARRANTY

1 Year Warranty

SPECIAL FEATURES

- ✓ **Swivel Movement Design**
The connector rotates with equipment movement, supporting flexible gas hose alignment.
- ✓ **Extended Hose Life Support**
It supports reduced strain on gas hose connections in commercial kitchen systems.
- ✓ **Protective Coated Metal**
It is constructed with metal and protective coating for structured gas line applications.
- ✓ **Hose Twist Reduction**
It helps reduce hose twisting and kinking during equipment operation.
- ✓ **3/4" Connection Size**
It is designed with a 3/4" gas connection size for compatibility with gas hose setups.
- ✓ **Warranty Coverage**
It includes a 1-year warranty provided by the manufacturer.

PRODUCT OVERVIEW

The ProKitchen Series Swivel Connector is a commercial kitchen gas connection accessory designed for use with gas hose systems in restaurants, hotels, and food service environments. It is constructed with metal and protective coating in a blue and silver finish, supporting controlled gas hose movement in commercial kitchen installations.

The connector features a swivel design that supports rotational movement between connected gas lines and equipment. It is compatible with gas hose systems and supports 3/4" gas connection size used in commercial kitchen gas supply setups.

It is designed to support hose alignment in equipment installations where movement occurs during operation, reducing strain on gas line connections in commercial kitchen environments.

The unit is supplied as 1/Each. It includes a 1-year warranty and is designed for use in gas hose connection systems used in commercial kitchen equipment installations.
