- ✓ **Mobile Setup**
4 casters with 2 brakes support positioning and movement in commercial kitchen layouts.
- ✓ **Certified Unit**
cETLus Listed, ETL Sanitation Listed, and NSF Certified with a 1-year warranty by the manufacturer.

PRODUCT OVERVIEW

The ChillCore Series Refrigerated Display Case is a freestanding open air / refrigerated unit designed for commercial kitchens, bakeries, cafés, and food retail environments. It operates on 110 V, 1 phase, 60 Hz with a 6.5 A electrical load and uses ventilated cooling for structured air circulation across the display area.

The body is constructed with powder coated steel and glass in a black finish, featuring double tempered glass panels for durability and visibility. It has a rectangular low-profile design measuring 61.2" (W) x 37.5" (D) x 33.2" (H), suitable for commercial counter and floor display installations in food service environments.

Temperature is maintained between 35.6°F and 50°F using a digital temperature controller with display. The system includes automatic defrost and a removable water tray for condensate collection during operation, supporting continuous refrigerated display use in commercial food service settings.

This unit includes LED lighting with a back light board for full display visibility. It is equipped with 4 casters with 2 brakes for movement and positioning in service layouts. The display case is cETLus Listed, ETL Sanitation Listed, and NSF Certified and includes a 1-year warranty by the manufacturer.
