SPECIAL FEATURES

- ✓ **Large Ice Capacity**
The bin supports up to 112 lb of ice storage for commercial beverage service operations.
- ✓ **Stainless Steel Build**
Constructed with 18-gauge and 20-gauge 304 stainless steel for durability and hygiene compliance.
- ✓ **NSF Certified Design**
NSF Certified construction supports use in commercial kitchens and beverage service stations.
- ✓ **Insulated Construction**
Insulation cotton filling supports ice retention in high-usage commercial kitchen environments.
- ✓ **Sliding Lid Access**
Sliding stainless steel lid supports controlled access to stored ice during service operations.
- ✓ **Warranty Coverage**
It includes a 1-year warranty by the manufacturer.

PRODUCT OVERVIEW

The ProKitchen Series Underbar Ice Bin is designed for commercial kitchens, bars, cafés, and beverage service stations requiring chilled ice storage and organized underbar workflow. Constructed from 304 stainless steel with galvanized steel legs, it features a freestanding design with a silver finish suitable for high-traffic food and beverage environments.

The unit is built with a leakproof insulated structure using insulation cotton filling to support ice retention during service operations. It includes a bowl capacity designed to hold up to 112 lb of ice, making it suitable for continuous beverage preparation in commercial kitchen and bar setups.

The ice bin features a sliding stainless steel lid for controlled access and a 3-inch backsplash for improved containment during ice handling. The bowl is constructed with 18-gauge 304 stainless steel, while the body uses 20-gauge 304 stainless steel for structural durability in commercial environments.

The unit measures 36" (L) x 18.12" (D) x 33.12" (H) and includes plastic bullet feet along with H-shape leg bracing for stability. It is NSF Certified for commercial use and includes a 1-year warranty by the manufacturer.
