SPECIAL FEATURES

- Complete Healthy Food Business on Wheel**
 The FreshBowl™ Trailer delivers a full commercial mobile kitchen designed for salads, protein bowls, poke bowls, grain bowls, vegan concepts, acai bowls, and modern health-focused menus.
- Built for Speed & Fresh Service**
 Features refrigerated prep stations, cold topping rails, fresh produce storage, prep counters, sinks, and workflow-optimized design for fast assembly and efficient staff movement.
- Perfect for Health-Driven Locations**
 Performs exceptionally near gyms, business districts, universities, hospitals, tech campuses, residential neighborhoods, fitness centers, tourist locations, events, markets, and corporate parks.
- Supports Multiple Healthy Menu Styles**
 Great for salad bars, poke bowls, Buddha bowls, Mediterranean bowls, vegan bowls, protein bowls, detox meals, acai, and light-health menus.
- Health & Safety Ready**
 Includes hand sink, 3-compartment sink, stainless food-grade interior, plumbing system, and power integration, built to support mobile food safety compliance (local regulations vary).
- Designed for Modern Health Brands**
 Ideal for new health startups, established restaurants expanding mobile, lifestyle brands, wellness entrepreneurs, and premium catering services.
- Financing Available**
 Launch your healthy food brand faster with flexible financing options.

PRODUCT OVERVIEW

The FreshBowl™ 16 FT Healthy Bowl Trailer is crafted for entrepreneurs, restaurant brands, and wellness-focused food businesses looking to launch a profitable, modern mobile kitchen quickly. It removes delays, fabrication risks, and compliance challenges by providing a fully equipped, ready-to-operate healthy food trailer.

Engineered for fresh food operations, the trailer includes refrigerated prep stations, cold topping storage, stainless prep counters, refrigeration systems, optional light cooking setups, ventilation if required, sinks, plumbing, and electrical integration. Its workflow-focused layout ensures smooth staff movement and quick order assembly.

Constructed with durable materials, food-safe interior, non-slip flooring, and a heavy-duty structure, the trailer is built for consistent daily performance. It supports salads, poke bowls, grain bowls, Mediterranean bowls, vegan bowls, detox bowls, and protein-based meals with efficient workflow and high-quality presentation.

Includes: Refrigerated prep table with cold rail, undercounter refrigerator with optional upright, optional light cooking/hot add-on options, hand sink with 3-compartment sink, fresh and waste water tanks, and non-slip commercial flooring.
