- ✓ **Measurement Markings**
Side capacity markings in liters and quarts support accurate portion control.
- ✓ **NSF Certified**
NSF Certified for commercial food storage and preparation applications.

PRODUCT OVERVIEW

The ProKitchen Series Food Pan is designed for commercial kitchens, food preparation areas, buffets, and catering operations requiring standardized ingredient storage and handling. Constructed from clear polycarbonate (PC), it features a rectangular shape suitable for organized food prep and storage workflows in restaurants and food service environments.

The pan offers a 1.3-quart capacity in a 1/6 size configuration, supporting portioned ingredient storage and mise en place applications in commercial kitchen setups. Its clear construction allows visibility of contents during preparation and service operations.

The food pan operates within a temperature range of -40°F to 210°F, supporting cold storage and moderate heat holding applications. It features a smooth, non-stick surface designed for ease of food handling and cleaning in commercial kitchen workflows.

The unit measures 6.9" (L) x 4" (D) x 3.9" (H) and is dishwasher safe for cleaning convenience. It is NSF Certified for commercial kitchen use and includes a 1-year limited warranty by the manufacturer.
