PRODUCT OVERVIEW

The Platinum Frost Series Chest Freezer is designed for restaurants, grocery stores, food trucks, stores, garages, and home food storage. It features a 15 cu. ft. capacity with a coated steel exterior and an aluminum liner interior. The freestanding unit includes a solid top open lid with an integrated lid handle and lock for controlled access.

The freezer features an adjustable mechanical thermostat with convertible freezer and refrigerator operation. It offers a temperature range of -11.2°F to 46.4°F and uses a compressor with wrap around cooling. Manual defrost and a built-in defrost drain support routine maintenance. The unit also features 360° Deep Freeze Technology.

The chest freezer includes removable storage baskets for organizing frozen or refrigerated items. An LED interior light provides cabinet visibility, while the lid opens to 45° and 75° positions for loading and unloading. It also features whisper quiet operation for commercial kitchen and food storage environments.

The unit measures 60.4" (L) x 27.7" (W) x 32.3" (H). The overall height is 62.4 in. It has one solid door and is certified cETLus Listed, ETL Sanitation Listed, CSA Listed, DOE Compliant, and Energy Star Certified. It includes a 2-year parts and labor warranty and a 6-year compressor warranty by the manufacturer.
