SPECIAL FEATURES

- Large Display Capacity**
 Three sections and a 53 cu ft capacity provide expanded merchandising space for a commercial merchandiser refrigerator.
- Clear Viewing**
 Swing-style glass doors allow easy visibility across each section, making this a practical glass door merchandiser refrigerator.
- Wide Temperature Range**
 -33°F to 40°F supports a variety of chilled products in the merchandiser fridge.
- Accessible Compressor**
 Bottom-mounted design keeps cooling components easy to reach.
- Warranty Coverage**
 1 year parts & labor, 1 year compressor warranty offers coverage for maintenance needs.
- Durable Construction**
 Stainless steel interior with a black finish and aluminum back exterior creates a strong cabinet suitable for daily use.
- Flexible Storage Layout**
 Fifteen adjustable PVC-coated shelves offer versatile product arrangement for retail displays.
- Bright Cabinet Lighting**
 LED lighting enhances product visibility across all three sections.
- Compliance Ready**
 ETL Sanitation Listed and cETLus certifications indicate adherence to safety and sanitation standards.

PRODUCT OVERVIEW

The IceVault Series IVMR7353C Commercial Merchandiser Refrigerator is built for wide retail display needs with a three-section, 3-door layout and a 53 cu ft capacity for larger chilled assortments. Its stainless steel interior, black finish, and aluminum back exterior create a sturdy cabinet measuring 81 in (H) x 78 in (W) x 30 in (D). The unit operates using R-290 refrigerant and a 4/5 HP system.

Swing-style glass doors with left and right hinges provide clear viewing across each section, making it a reliable glass door merchandiser refrigerator. The self-closing doors reduce unnecessary open-door time, while the keyed lock limits access. Fifteen adjustable PVC-coated shelves and LED lighting allow flexible product presentation and bright visibility throughout the cabinet.

This merchandiser fridge runs on 115 V, 8.4 A, 60 Hz, and 1 Phase power with a NEMA 5-15P plug for commercial outlets. Auto-defrost manages frost buildup, and electronic control allows easy temperature adjustments. The bottom-mounted compressor keeps cooling components accessible. As a freestanding model, it fits neatly into varied retail layouts.

ETL Sanitation Listed and cETLus certifications confirm adherence to safety and sanitation standards. With three sections, swing doors, and doors access type, this merchandiser refrigerator delivers clear product visibility for larger displays.
