It features an open wire structure supporting airflow and visibility of stored items.
- ✓ **Adjustable Setup**
It includes adjustable height installation with (4) shelf split sleeves.
- ✓ **NSF Listed Standard**
It is NSF Listed for sanitation compliance in storage environments.

PRODUCT OVERVIEW

The ProKitchen Series Wire Shelf is a commercial storage shelving unit designed for dry storage, garage, and personal storage applications in organized shelving systems. It is constructed with wire material in a silver finish, featuring chrome plated with clear epoxy coating, supporting structured storage use in commercial kitchen-adjacent and general storage environments.

The shelf features an open wire shelf design that supports airflow around stored items. It measures 24 in (L) x 18 in (D) and is designed with adjustable height compatibility for shelving systems used in storage organization setups.

It is suitable for dry storage applications, including garage and personal storage areas. The open wire structure supports ventilation and visibility of stored items in organized storage layouts.

The unit supports a weight capacity of 600 lb per shelf and is supplied with (4) shelf split sleeves. It is NSF Listed, supplied as 1/Each, and includes a 1-year warranty for storage applications.
