WARRANTY

Parts & Labor: 2 Years

Compressor: 6 Years

SPECIAL FEATURES

- ✓ **Maximum Display Capacity**
81.5-inch merchandiser with 3 glass doors and 12 epoxy-coated shelves provides extensive product visibility across three spacious sections.
- ✓ **Energy Star Certified**
Eco-friendly R-290 refrigerant and energy-efficient design meets strict environmental and power consumption standards.
- ✓ **Extended Warranty Protection**
Comprehensive 2-year parts and labor warranty plus 6-year compressor coverage ensures long-term reliability.
- ✓ **Easy Mobility**
Six swivel casters enable smooth movement and repositioning of the merchandiser as needed.
- ✓ **Reliable Cooling System**
Bottom-mounted 1/3 HP compressor operates efficiently in environments up to 100°F ambient temperature.
- ✓ **Precise Temperature Control**
Digital controls maintain 33°F-40°F range with automatic 4-hour defrost cycles for consistent cooling performance.
- ✓ **Commercial Grade Durability**
Heavy-duty stainless steel construction with self-closing doors, built-in locks, and 90° stay-open functionality.
- ✓ **Enhanced Product Visibility**
Bright LED lighting system illuminates merchandise across all three sections for optimal display presentation.
- ✓ **Professional Certification**
ETL Sanitation, cETLus, and Energy Star certifications validate safety and performance standards.
- ✓ **Simple Power Requirements**
Standard 115V operation with 6.6-foot cord and NEMA 5-15P plug ensures easy installation anywhere.

PRODUCT OVERVIEW

The 81.5" Stainless Steel Refrigerated Merchandiser is ideal for large grocery stores, supermarkets, and high-traffic retail environments needing maximum chilled display capacity. This unit features a sleek silver stainless steel construction with 3 glass swing doors, 12 epoxy-coated steel wire shelves, and bright LED lighting that enhances product visibility across 3 spacious sections.

Powered by a bottom-mounted compressor, it runs on eco-friendly R-290 refrigerant with a 1/3 HP motor, drawing 4.6 amps on a 115V, 60 Hz, single-phase circuit through a 6.6 ft power cord and a standard NEMA 5-15P plug. The digital temperature control maintains a consistent range of 33°F to 40°F with automatic defrost set every 4 hours for optimal performance.

Designed for heavy-duty commercial use, this unit includes self-closing glass doors with 90° stay-open function and built-in locks. It stands on six swivel casters for easy mobility. Interior dimensions measure 77.6" W x 24.2" D x 59.7" H, while overall product dimensions are 81.5" W x 30.7" D x 81.9" H.

Certified by ETL Sanitation, cETLus, and Energy Star, this merchandiser is designed to perform in environments with ambient temperatures up to 100°F and is backed by a 2-year parts and labor warranty with a 6-year compressor warranty.
