1 Year Limited Warrranty

SPECIAL FEATURES

- **High Heat Output**
  The six cast iron burners provide a total of 120,000 BTU, suitable for high-volume cooking in commercial kitchens.
- **Spacious Cooking Surface**
  The 24-inch depth and 36-inch width cooking surface allows chefs to grill multiple items at the same time.
- **Warranty Coverage**
  The charbroiler comes with a 1-year warranty, reflecting the manufacturer's coverage for maintenance concerns.
- **Durable Materials**
  Stainless steel construction with cast iron grates and burners provides long-lasting performance for restaurant and hotel use.
- **Flexible Fuel Options**
  Includes an LP conversion kit and operates on natural gas, offering adaptability for different kitchen gas setups.

PRODUCT OVERVIEW

The ChefPro Series Gas Radiant Charbroiler is designed for restaurants, hotels, and commercial kitchens that require a high-capacity cooking surface. It operates on natural gas and features six cast iron burners delivering a total output of 120,000 BTU, suitable for large-scale cooking.

The cooking surface has a depth of 24 inches and a width of 36 inches, with overall dimensions of 36" (L) x 28" (W) x 15" (H), providing ample space for grilling multiple items simultaneously. The charbroiler includes a stainless steel grease tray and is supported by four sturdy legs, offering stability and durability in busy food-handling environments.

The unit is constructed from stainless steel with cast iron grates and burners, combining longevity and efficient heat distribution. An LP conversion kit is included for flexibility in fuel use. It includes a 1-year warranty by the manufacturer.
