WARRANTY

10-Year Panel, 1-Year Door Parts, 2-Year Compressor & Parts, 1-Year Labor on Refrigeration Unit

SPECIAL FEATURES

- Galvanized Steel Exterior**
 White galvanized steel construction supports commercial kitchen refrigeration environments with routine operation.
- Polyurethane Insulation**
 4-inch insulation with R-28 thermal resistance supports temperature retention inside the walk-in cooler.
- Included Refrigeration Components**
 The unit includes a condensing unit and evaporator for refrigeration installation requirements.
- Controlled Door Access**
 Solid swing door with keyed lock supports restricted access in commercial food storage areas.
- Commercial Certifications**
 UL Listed US, NSF Listed, and DOE certifications align with commercial kitchen standards.
- Cold Storage Capacity**
 Nominal dimensions of 10 ft x 15 ft provide organized refrigerated storage for restaurant food handling.
- Top Mounted System**
 Top-mounted refrigeration configuration positions cooling components above the storage compartment.
- Structured Panel Design**
 Modular cam-lock and tongue-and-groove construction supports panel alignment and assembly.
- Self-Closing Door**
 Flush-mounted self-closing door design supports repeated use during restaurant operations.
- Warranty Coverage**
 Includes a 10-year panel warranty with additional compressor, parts, door, and labor coverage.

PRODUCT OVERVIEW

The PolarBox Series Walk-In Cooler is designed for commercial kitchen operations, restaurants, and refrigerated food storage applications. It features white galvanized steel construction for daily foodservice use. The unit measures 118" (L) x 177" (W) x 87" (H), with a nominal size of 10 ft width, 15 ft depth, and 7 ft height for organized cold storage in restaurant environments.

This walk-in cooler includes 4-inch thick polyurethane insulation with an R-28 thermal resistance rating to support refrigerated holding conditions. The insulation material is CFC and HFC free and paired with 24-gauge panel construction. The modular cam-lock and tongue-and-groove panel design supports structured assembly for commercial refrigeration installations.

The refrigeration system features a top-mounted configuration with included condensing unit and evaporator. It uses R-448A refrigerant and operates on 208/230 V, 60 Hz, and single-phase electrical service with a hardwired connection. The top-mounted refrigeration layout positions the compressor section above the cooler storage area.

This walk-in refrigeration model features a solid self-closing swing door with a 77-inch height and flush-mounted design for reliable daily operation. A keyed lock supports secure access in food storage environments. Built without a floor, it supports both indoor and outdoor installation. The unit is UL Listed US, NSF Listed, and DOE certified. Warranty coverage includes 10-year panels, 1-year door parts, 2-year compressor and parts, and 1-year labor on the refrigeration system.

SPECIFICATION

ATTRIBUTE	VALUE	ATTRIBUTE	VALUE
Product Width	118 inch	Product Depth	177 inch
Product Height	87 inch	Door Height	77 inch
Nominal Depth	15 ft	Nominal Width	10 foot
Nominal Height	7 foot	Hertz	60 hertz
Phase	1 Phase	Voltage	208-230 volt
Compressor Location	Top Mounted	Door Style	Swing
Door Type	Solid	Insulation Thickness	4 inch
Insulation Material	Polyurethane	Hinge Type	Modular Cam-Lock, Tongue & Groove Design
Door Lock	Keyed Lock	Material	White Galvanized Steel
Type	Walk-In Cooler	Floor	Without Floor

SPECIFICATION

ATTRIBUTE	VALUE	ATTRIBUTE	VALUE
Plug Type	Hardwired	Refrigerant Type	R-448A
Refrigeration Type	Top Mounted Refrigeration	Usage	Indoor / Outdoor
Country of Origin	Proudly Made in America	Selling Unit	1/Each
Gauge	24 Gauge	Thermal Resistance	R-28
Material Type	CFC & HFC Free	Features	Self-Closing, Flush-Mounted Door
Number of Doors	1 Door	Included	Condensing Unit and Evaporator
Series	PolarBox Series	Door Width	Choice of 30" or 36"
