PRODUCT OVERVIEW

The ProKitchen Series Steam Table / Hotel Pan Cover is a commercial kitchen accessory designed for restaurants, hotels, and catering operations using steam table systems. It is constructed with stainless steel material in a silver finish, supporting food covering and protection in commercial kitchen hot holding applications.

The cover is designed in a rectangular shape with 1/2 size configuration and solid pan type construction. It measures 10.4 in (L) x 12.7 in (D) and is built using 18/8 stainless steel with 25 gauge thickness, suitable for standard steam table usage in commercial kitchen environments.

It includes a center handle that supports handling during food service operations. The easy clean surface design supports routine cleaning requirements in commercial kitchen workflows where hygiene and food protection are required.

The unit is NSF Listed and supplied as 1/Each. It includes a 1-year warranty and is designed for steam table and hotel pan systems used in restaurants, hotels, and commercial kitchens.
