WARRANTY

1 Year Parts & Labor

SPECIAL FEATURES

- ✓ **High Heat Output**
The unit delivers a total 151,000 BTU gas output suitable for continuous cooking operations in a commercial kitchen.
- ✓ **Oven Temperature Control**
The oven operates within a thermostat range of 250°F to 550°F with a U-shape oven burner system.
- ✓ **Certified Safety Standards**
The unit is cETLus Listed, ETL Sanitation Listed, NSF certified, and ETL US & Canada compliant.
- ✓ **Multi Burner Setup**
It includes 4 burners rated at 30,000 BTU each with open lift-off burner design and cast iron burner material.
- ✓ **Heavy Duty Build**
It is constructed with stainless steel material, welded frame type, and stainless steel oven door for commercial kitchen use.
- ✓ **Warranty Coverage**
It includes a 1-year warranty on parts and labor from the manufacturer.

PRODUCT OVERVIEW

The ProKitchen Series Gas Range with Oven is a freestanding commercial kitchen cooking unit designed for restaurants, hotels, and food service operations requiring multi-burner cooking and baking capacity. It features a stainless steel body in silver finish with a welded frame construction and stainless steel oven door for durability in continuous commercial kitchen use. It operates on natural gas with a total output of 151,000 BTU, supporting high-heat cooking environments.

The unit includes 4 open lift-off burners, each rated at 30,000 BTU, paired with cast iron burner material and cast iron 12" x 12" grates. Manual control type is provided for burner operation, along with removable grates and grates-based burner style for easy cleaning access in busy chef workflows.

The oven section delivers 31,000 BTU output with a U-shape oven burner and thermostat temperature range from 250°F to 550°F. The oven interior measures 20.5 in (W) x 26 in (D) x 13.9 in (H), supporting standard baking operations in commercial kitchens. It includes 2 oven racks and a pull-out crumb tray with angled handle front for debris collection during food preparation.

The unit measures 24 in (W) x 32.6 in (D) x 60 in (H) and weighs 291 lb. It is equipped with 4 casters (2 with brakes and 2 without brakes) for installation flexibility. It includes a thermal coupling safety valve, anti-clogging pilot cover, and standby stainless steel pilot system. It comes with 1-year warranty on parts and labor.
