SPECIAL FEATURES

- ✓ **Triple Burner Output**
Three burners rated at 30,000 BTU each provide a total output of 90,000 BTU for commercial grilling.

✓ **Cast Iron Grates**
Heavy-duty cast iron grates support high-temperature commercial kitchen grilling applications.

✓ **Safety-Control Design**
Standby stainless steel pilot and cool-to-touch fiberglass nylon knobs support structured operation.
- ✓ **Radiant Heating System**
Hot rolled steel radiant covers support consistent heat distribution across grilling surfaces.

✓ **Grease Collection System**
Front grease trough channel and stainless steel oil collector support residue management during cooking.

✓ **Certified Construction**
The charbroiler is cETLus Listed, ETL Sanitation Listed, conforms to NSF standards, and includes a 1-year warranty by the manufacturer.

PRODUCT OVERVIEW

The ProKitchen Series Countertop Radiant Charbroiler is designed for restaurants, steakhouses, cafés, and commercial kitchen grilling operations. This gas-powered countertop unit features 3 burners with a total output of 90,000 BTU and measures 36" (L) x 27.2" (D) x 15" (H). The installation type is countertop, supporting structured grilling setups in commercial kitchen environments.

Constructed with a stainless steel body and welded frame, the unit includes a stainless steel backsplash and 3-sided splash guards. Cast iron grates sit above hot rolled steel radiant covers, supporting consistent grilling performance across cooking zones. The unit includes a stainless steel oil collector and a front grease trough channel for grease collection during cooking operations.

The charbroiler operates on natural gas with a 3/4" NPT rear gas connection and includes a gas regulator. It features U-shaped burners rated at 30,000 BTU each with steel burner construction and standby stainless steel pilot protection. The heating source is radiant with 12" controlled burner sections for zone-based grilling.

The unit uses manual control with brass control valves and cool-to-touch fiberglass nylon knobs. It includes adjustable heavy-duty legs for positioning. It is cETLus Listed, ETL Sanitation Listed, and conforms to NSF standards. The charbroiler includes a 1-year warranty by the manufacturer covering parts and labor.
