1 Year Warranty

SPECIAL FEATURES

- ✓ Clear Merchandising View**
 The straight-glass front with double tempered glass panels gives customers and chefs an unobstructed view of all displayed bakery items from outside the case.
- ✓ Consistent Chill Range**
 A 36°F–46°F operating range keeps pastries, cakes, and chilled baked goods at a stable serving temperature throughout a full service day.
- ✓ Certified for Commercial Use**
 ETL Listed, ETL Sanitation Listed, and DOE Compliant certifications confirm the unit meets established safety, sanitation, and energy standards for food service environments.
- ✓ Simplified Cleaning Access**
 The front glass swings upward, allowing staff to wipe down interior surfaces in a commercial kitchen without removing shelves or disassembling the case.
- ✓ Low-Voltage Installation**
 Running on 110V at 460 watts and 4.2 amperes, the unit draws minimal power and plugs into a standard commercial kitchen outlet with no dedicated electrical work required.
- ✓ Covered After Purchase**
 A 1-year warranty is included with the unit, providing defined coverage for restaurant and bakery operators following installation.

PRODUCT OVERVIEW

The Frigomax Series 47" Refrigerated Bakery Display Case is a freestanding straight-glass unit designed for bakeries, cafés, and restaurants that need to merchandise chilled baked goods in a commercial kitchen setting.

The cabinet maintains a temperature range of 36°F to 46°F, making it suited for displaying pastries, cakes, and other temperature-sensitive baked items. A 22.4 cubic foot interior with a stainless steel lining provides substantial holding capacity between restocking cycles. Automatic defrost keeps the interior frost-free without manual intervention, and R-290 refrigerant supports the unit's efficient operation.

The double tempered glass doors and straight-glass front give clear, unobstructed product visibility from all angles. The front glass swings up for easy cleaning access, and included leg levelers allow stable placement on uneven floors. LED lighting illuminates the interior evenly to present displayed items clearly.

At 26.8" (D) x 47.2" (W) x 55.1" (H), the unit fits into standard commercial kitchen floor plans without requiring dedicated infrastructure beyond a standard 110V/60Hz outlet, drawing 460 watts and 4.2 amperes at full operation. The case is ETL Listed, ETL Sanitation Listed, and DOE Compliant, and comes with a 1-year warranty.
