SPECIAL FEATURES

- ✓ **Digital Control**
Digital temperature control with LED display supports monitoring within commercial kitchen operations using the specified 0°F to -8°F range.
- ✓ **Forced Air Cooling**
Forced air cooling and automatic defrost align with continuous freezer operation in foodservice environments.
- ✓ **Certified Use**
ETL Listed, ETL Sanitation, and NSF Listed certifications align with commercial kitchen and restaurant standards.
- ✓ **Adjustable Shelving**
Eight adjustable and removable wire shelves support organized food handling for chefs and restaurant storage needs.
- ✓ **Mobile Design**
Four 5" casters support repositioning within a commercial kitchen for cleaning or layout adjustments.
- ✓ **Warranty Coverage**
It includes a 1-year warranty by the manufacturer for parts, labor, and compressor.

PRODUCT OVERVIEW

The CoolEdge Reach-In Freezer from the cooledge Series is a freestanding commercial kitchen freezer suited for restaurants, chefs, and foodservice operations requiring frozen storage. It is constructed from Stainless Steel in a silver finish, supporting durability in food handling areas. The unit uses a self-contained refrigeration system with forced air cooling and automatic defrost, paired with R-290 refrigerant for temperature consistency.

This reach-in freezer features two solid swing doors with left and right hinge locations and recessed handles for streamlined access in commercial kitchen layouts. The doors include a self-closing design and rounded interior corners that support routine cleaning procedures. LED lighting and an LED display support interior visibility and operational reference during restaurant service hours.

The interior includes eight wire shelves that are adjustable and removable to accommodate varied food pan sizes. Shelf configuration supports organized storage for commercial kitchen inventory management. Digital temperature control maintains an operating range of 0°F to -8°F, and the control type is fully digital. The freezer functions within a maximum ambient temperature of 100.4°F, aligning with back-of-house foodservice environments.

This cooledge reach-in freezer measures 47.5" (L) x 28" (W) x 79" (H) and is equipped with four 5" casters for mobility during kitchen layout changes or cleaning. The freezer includes a 9 ft power cord and is classified as freestanding for flexible installation. Certifications include ETL Listed, ETL Sanitation, and NSF Listed. It includes a 1-year warranty by the manufacturer covering parts, labor, and compressor.
