WARRANTY

10-Year Panel, 1-Year Door Parts, 2-Year Compressor & Parts, 1-Year Labor on Refrigeration Unit

SPECIAL FEATURES

- Stable Power Supply**
 Operates on 208/230 V, 60 Hz, single-phase hardwired connection for dependable energy delivery.
- Easy Installation**
 Modular cam-lock panels with tongue & groove design enable fast, precise assembly.
- Effective Insulation**
 4-inch polyurethane panels with R-28 thermal resistance maintain consistent freezer temperatures efficiently.
- Versatile Placement**
 Designed for indoor or outdoor installation to fit different commercial spaces.
- Certified Compliance**
 UL Listed, NSF Listed, and DOE certified to meet commercial refrigeration safety standards.
- Reliable Cooling**
 Top-mounted self-contained refrigeration with condensing unit and evaporator delivers uniform temperature.
- Durable Build**
 Constructed from 24-gauge white galvanized steel with flooring for long-lasting commercial use.
- Secure Entry**
 Solid swing door with keyed lock, self-closing design, heating wire, and pressure relief vent for safety.
- Eco-Friendly Materials**
 CFC and HFC-free components support environmentally responsible refrigeration.
- Comprehensive Warranty**
 10-year panel warranty, 1-year door parts, 2-year compressor and parts, and 1-year labor coverage.

PRODUCT OVERVIEW

The PolarBox Series Walk-In Freezer is ideal for cafes and commercial kitchens, providing reliable cold storage for perishable goods. Proudly made in America, it is built with 24-gauge white galvanized steel panels and an floor, offering long-lasting durability and support for heavy storage. Suitable for both indoor and outdoor use, the unit measures 10 ft (W) x 12 ft (D) x 7 ft (H), providing ample interior capacity.

This commercial walk-in freezer features a solid swing door with a keyed lock for secure access. The modular cam-lock and tongue & groove hinge system allows precise panel alignment, while the self-closing, flush-mounted door with heating wire and pressure relief vent helps maintain consistent internal temperatures.

Equipped with a top-mounted compressor, the unit delivers efficient, uniform cooling. 4-inch polyurethane insulation with R-28 thermal resistance provides reliable temperature retention. All materials are CFC- and HFC-free, and the freezer operates on 208/230 V, 60 Hz, single-phase power, using R-448A refrigerant in a self-contained, hardwired system.

The PolarBox Series Walk-In Freezer is UL, NSF, and DOE certified, and comes with a comprehensive warranty: 10 years on panels, 1 year on door parts, 2 years on the compressor and parts, and 1 year of labor coverage. It also includes a condensing unit and evaporator for complete refrigeration performance.

SPECIFICATION

ATTRIBUTE	VALUE	ATTRIBUTE	VALUE
Product Width	118 inch	Product Depth	138 inch
Product Height	91 inch	Hertz	60 hertz
Phase	1 Phase	Voltage	208/230 volt
Door Type	Solid	Door Style	Swing
Insulation Thickness	4 inch	Insulation Material	Polyurethane
Door Lock	Keyed Lock	Material	White Galvanized Steel
Plug Type	Hardwired	Refrigerant Type	R-448A
Usage	Indoor/Outdoor	Type	Walk-In Freezer
Country of Origin	Proudly Made in America	Selling Unit	1/Each
Nominal Depth	12 ft	Nominal Width	10 foot

SPECIFICATION

ATTRIBUTE	VALUE	ATTRIBUTE	VALUE
Door Height	77 inch	Floor	With Floor
Included	Condensing Unit and Evaporator	Gauge	24 Gauge
Thermal Resistance	R-28	Features	Self-Closing, Flush-Mounted Door, Heating Wire and Pressure Relief Vent
Number of Doors	1 Door	Nominal Height	7 foot
Compressor Location	Top Mounted	Hinge Type	Modular Cam-Lock, Tongue & Groove Design
Material Type	CFC & HFC Free	Refrigeration Type	Top Mounted Refrigeration
Series	PolarBox Series	Floor Material	Standard Galvanized Steel Floor
