SPECIAL FEATURES

- ✓ **Robust Build**
24-gauge white galvanized steel panels provide long-lasting durability for heavy-use commercial environments.
- ✓ **Stable Power Supply**
208/230 V, 60 Hz, 1-phase hardwired connection delivers reliable and consistent operation.
- ✓ **Frost Prevention**
Heating wire and pressure relief vent in the freezer section control ice buildup and maintain internal pressure.
- ✓ **Durable Flooring**
Floor supports heavy loads, provides hygienic storage, and simplifies cleaning.
- ✓ **Certified Quality**
UL Listed US, NSF Listed, and DOE certified to meet strict commercial standards.
- ✓ **Advanced Insulation**
4-inch polyurethane panels offer R-28 thermal resistance for the cooler and R-33 for the freezer, maintaining consistent temperatures and reducing energy loss.
- ✓ **Secure Access**
Solid swing doors with keyed locks, self-closing mechanisms, and flush-mounted design protect contents and prevent unauthorized entry.
- ✓ **Easy Installation**
Modular cam-lock panels with tongue-and-groove construction allow fast assembly and precise alignment.
- ✓ **Environmentally Friendly**
CFC- and HFC-free materials allow eco-conscious operation without compromising performance.
- ✓ **Comprehensive Coverage**
10-year panels and 1-year parts warranty on doors provide long-term quality assurance.

PRODUCT OVERVIEW

The PolarBox Series Walk-In Freezer & Cooler Combo Box is ideal for restaurants, cafes, and commercial kitchens, offering separate freezer and cooler sections for organized storage. Made in America from 24-gauge white galvanized steel with CFC- and HFC-free materials, the unit delivers durable, eco-conscious performance. It is self-contained and designed for indoor or outdoor placement.

The unit features two solid swing doors with keyed locks, self-closing mechanisms, and flush-mounted design. Modular cam-lock panels with tongue-and-groove construction allow precise, fast assembly. The freezer section includes a heating wire and pressure relief vent to manage frost and internal pressure.

Overall dimensions are 8 ft (L) × 8 ft (W) × 7 ft (H), providing generous storage space. Insulation is 4 inches thick, offering R-28 thermal resistance for the cooler and R-33 for the freezer. The floor supports heavy loads and simplifies cleaning. This commercial Walk-In Freezer & Cooler Combo Box connects via a hardwired plug for reliable operation.

The freezer section is 39 inches long, and the cooler section is 59 inches long. The unit comes with a 10-year warranty on panels and a 1-year warranty on door parts, and it is certified by UL Listed US, NSF Listed, and DOE, providing reliable performance, organized storage, and compliance with commercial safety standards.
