- ✓ **Manual Control System**  
Manual controls support heat adjustment during food preparation tasks.
- ✓ **Certified & Warranty**  
ETL certification meets commercial standards, and it includes a 1-year warranty by the manufacturer.

## PRODUCT OVERVIEW

The ChefPro Series Countertop Gas Griddle is designed for cooking operations in commercial kitchen environments. The stainless steel construction with a silver finish supports durability for daily food preparation tasks. It features 6 burners, each rated at 30,000 BTU, with a total output of 180,000 BTU for cooking applications.

This countertop gas griddle operates on natural gas or liquid propane, supporting different commercial kitchen setups. The manual control system provides heat adjustment during cooking tasks. The installation type is countertop, supporting placement on workstations in restaurant environments.

The unit measures 72" (W) x 33" (D) x 15.4" (H), supporting a wide cooking surface for batch preparation. The design is suitable for use in commercial kitchens requiring consistent heat across multiple burners.

It includes ETL certification for commercial use. It includes a 1-year warranty by the manufacturer, supporting standard operational coverage.
