SPECIAL FEATURES

- ✓ Generous Pan Capacity**
 The top rail holds up to 16 one-sixth-size pans, supporting efficient ingredient organization during high-volume sandwich and salad service.
- ✓ Stable Temperature Range**
 An electronic control system maintains internal temperatures between 33°F and 41°F, keeping refrigerated ingredients within food-safe holding conditions.
- ✓ Door-Triggered Fan Stop**
 The evaporation fan automatically stops working when a door is open, reducing temperature fluctuation inside the unit during ingredient retrieval.
- ✓ EC Fan Motor**
 The EC fan motor delivers consistent airflow while operating at lower energy draw compared to standard fan motor designs in commercial prep tables.
- ✓ Certifications**
 ETL Listed and ETL Sanitation Listed certifications confirm the unit meets recognized electrical safety and food-contact sanitation standards for commercial kitchen environments.
- ✓ Mobile with Secure**
 Four heavy-duty casters with brakes allow the prep table to be repositioned across the kitchen floor and locked firmly in place during service.

PRODUCT OVERVIEW

The Frigomax Series Sandwich and Salad Prep Table is a freestanding refrigerated prep station designed for commercial kitchens, sandwich shops, delis, and restaurant prep lines that require organized, temperature-controlled ingredient access throughout service.

Measuring 30"L x 60¼"W x 42½"H, this unit offers 17.8 cu. ft. of refrigerated storage and holds up to 16 one-sixth-size pans in the top rail, keeping ingredients at 33°F–41°F. The standard top provides a clean work surface, while two epoxy-coated adjustable shelves store larger containers behind two self-closing doors with a 90° stay-open feature for hands-free access.

This prep table runs on 115V/60Hz single-phase power, drawing 2.1A via a 1/4 HP compressor. Electronic controls enable straightforward temperature management, while the EC fan motor supports efficient operation. The evaporation fan auto-stops when a door opens, maintaining stable internal temperatures. Four heavy-duty casters with brakes allow easy repositioning while keeping the unit secure. Cutting boards and compatible pans are available separately.

The unit is ETL Listed and ETL Sanitation Listed, confirming it meets established electrical safety and food-zone sanitation standards for commercial kitchen use. It ships and sells as one complete unit and is backed by a 1-year warranty.
