SPECIAL FEATURES

- ✓ **High Pan Capacity**
Accommodates 12 1/6-size pans fit on the standard top, and 2 adjustable shelves provide extra storage
- ✓ **Strong Construction**
Made from premium stainless steel with a silver finish that offers durability.
- ✓ **Digital Control**
Electronic panel with LED display allows precise setting and easy monitoring.
- ✓ **Automated Defrost Function**
The auto-defrost cycle prevents ice buildup.
- ✓ **Warranty Protection**
Backed by a 6-month compressor warranty and a separate 6-month warranty on parts and labor.
- ✓ **Adjustable Shelving Layout**
Includes adjustable two coated wire shelves, providing customizable storage space.
- ✓ **Efficient Cooling**
1/5 HP compressor with R290 refrigerant delivers efficient cooling.
- ✓ **Simple Installation**
Includes 9-foot power cord with NEMA 5-15P plug for straightforward freestanding installation and immediate use.
- ✓ **Safety Certified**
ETL and ETL Sanitation certified providing safety and hygiene standards.
- ✓ **Consistent Cooling**
Operated within a 33°F to 41°F range temperature for optimal food safety.

PRODUCT OVERVIEW

The CEST48 commercial sandwich and salad prep table is built from stainless steel in a silver finish for restaurants and cafes. It has two solid swing doors with recessed handles and a self-closing function for ease of use. The unit supports 12 pans of 1/6 size, making it suitable for commercial kitchens needing organized ingredient storage. It comes with two coated wire adjustable shelves for added flexibility.

This commercial prep table operates on 115 V, 60 Hz, single-phase power with 2.4 amps draw. It is equipped with a 1/5 HP compressor using R290 refrigerant, ensuring energy-efficient cooling. The digital control system with LED display allows precise adjustment within a 33°F to 41°F range, while the auto defrost function keeps performance consistent in high-demand operations.

The overall dimensions measure 48.25 in (W) x 31.5 in (D) x 43.62 in (H). The unit includes a 9 ft power cord with a NEMA 5-15P plug type, designed for simple freestanding installation. Four swivel casters with locks, sized at 4 in, provide mobility and secure placement.

The unit handles maximum ambient temperatures up to 100.4°F. Certified by ETL and ETL Sanitation, this commercial prep table comes with a 6-month parts and labor warranty plus a 6-month compressor warranty.
