- ✓ **Dishwasher Safe**
The teapot is dishwasher safe for routine cleaning in commercial kitchen and foodservice operations.
- ✓ **Foodservice Use**
The ServeCraft Series teapot is designed for restaurants, cafés, and tea rooms as listed in the application.

PRODUCT OVERVIEW

The ServeCraft Series teapot is suitable for restaurants, cafés, and tea rooms. It is made of clear borosilicate glass with a round shape and has a 24 fl oz capacity for serving tea. The glass construction provides a clear view of the contents during beverage service.

The teapot includes a stainless steel infuser for preparing loose-leaf tea. The infuser is designed as part of the teapot assembly for tea brewing and serving in commercial foodservice settings.

A glass handle provides a matching grip, while the knob lid handle offers access to the teapot during use. These components are included as part of the specified design for beverage service.

The ServeCraft Series teapot belongs to the Acopa Lotus product line and is designed in a servers style. The teapot is dishwasher safe for routine cleaning after use in restaurants, cafés, and tea rooms.
