SPECIAL FEATURES

- ✓ **Beverage Display Storage**
2.3 cu ft capacity supports chilled drink merchandising in commercial kitchen and retail environments.
- ✓ **Dual Basket Organization**
2 wire-frame baskets support organized beverage storage and access.
- ✓ **Mobile Configuration**
4 casters with brake arrangement support movement within service areas.
- ✓ **Glass Door Visibility**
Glass door design supports clear visibility of stored beverages in service areas.
- ✓ **Compact Installation**
17.52" width supports installation in compact commercial kitchen and service spaces.
- ✓ **Direct Cooling System**
R600a refrigerant with direct cooling supports chilled beverage storage operation.

PRODUCT OVERVIEW

The ProKitchen Series Cold Drink Barrel Merchandiser Refrigerator is designed for beverage display and chilled drink storage in commercial kitchen and food service environments. Constructed in painted steel with a white finish, the unit measures 17.52" (W) x 17.52" (D) x 39.9" (H). It operates on a 115V electric power supply with 0.7A current, 70W wattage, and a 7 ft power cord fitted with a NEMA 5-15P plug.

This merchandiser provides 2.3 cu ft capacity with a glass door and two-sided lid for top-access beverage presentation. The interior is built with painted steel and includes LED lighting for product visibility in display applications.

The unit operates within a temperature range of 33°F to 50°F using a mechanical temperature control system. It uses direct cooling with R600a hydrocarbon refrigerant and a foamed-in-place polyurethane insulation system for temperature retention.

Interior configuration includes 2 wire-frame baskets measuring 13.85" (W) x 18.81" (H), supporting organized beverage storage. The unit includes 4 casters (2 with brakes and 2 without brakes) for mobility in commercial kitchen and service areas. It includes a 1-year parts & labor warranty.
