WARRANTY

1 Year Warranty

SPECIAL FEATURES

- Open Access Display**
 The open multideck design allows customers to reach refrigerated items directly, reducing friction at the point of sale in a retail or commercial kitchen environment.
- Precise Temp Control**
 A holding range of 30.2 to 44.6 degrees Fahrenheit keeps dairy, beverages, and chilled prepared foods within safe commercial storage temperatures.
- Flexible Floor Placement**
 Leg levelers allow the freestanding cabinet to sit level on uneven floors common in older restaurant or retail spaces, without anchoring or permanent installation.
- Low-GWP Refrigerant**
 R-290 refrigerant is a natural hydrocarbon with a low global warming potential, supporting facilities that follow responsible refrigerant practices.
- ETL and DOE Certified**
 ETL Listed, ETL Sanitation Listed, and DOE 2017 Compliant certifications confirm the unit meets recognized safety, sanitation, and energy standards for commercial use.
- Covered for One Year**
 The included 1-year warranty provides a defined service period, giving buyers a clear timeframe of manufacturer coverage after purchase.

PRODUCT OVERVIEW

The Frigomax Series 47" vertical air curtain merchandiser is an open multideck display unit suited for grocery stores, convenience stores, delis, and commercial kitchen retail areas where refrigerated products need to remain accessible and visible without a door barrier.

The unit operates on a ventilated cooling system using R-290 refrigerant, a low-GWP option, and holds a temperature range of 30.2 to 44.6 degrees Fahrenheit, making it appropriate for dairy, beverages, prepared foods, and other chilled items. With 15.9 cubic feet of interior capacity across a 1.45-meter display size, the cabinet offers meaningful shelf space in a relatively compact footprint.

Measuring 27.6" (D) x 47.2" (W) x 54.9" (H), the freestanding unit fits into floor layouts without requiring a fixed installation. Leg levelers at the base allow staff to adjust for uneven surfaces, keeping the cabinet stable. The round side panel shape contributes to a clean visual profile on the sales floor.

The merchandiser draws 14.5 amps at 110 volts, 60 Hz, and carries ETL Listed, ETL Sanitation Listed, and DOE 2017 Compliant certifications. A 1-year warranty is included with the unit.
