WARRANTY

10-Year Panel, 1-Year Door Parts, 2-Year Compressor & Parts, 1-Year Labor on Refrigeration Unit

SPECIAL FEATURES

- Consistent Cooling**
 Top-mounted, self-contained refrigeration unit with condensing unit and evaporator provides even temperature.
- Heavy-Duty Construction**
 24-gauge white galvanized steel panels with floor provide long-lasting strength.
- Easy Installation**
 Modular cam-lock and tongue & groove hinge design allow precise alignment and simple setup.
- Stable Power**
 Hardwired 208/230 V, 60 Hz, single-phase connection provides reliable operation.
- Certified Safety**
 UL Listed, NSF Listed, and DOE compliant for commercial use.
- Reliable Insulation**
 4-inch polyurethane with R-28 thermal resistance maintains stable freezing temperatures.
- Secure Access**
 Solid swing door with keyed lock, self-closing design, heating wire, and pressure relief vent.
- Eco-Conscious Build**
 CFC- and HFC-free materials support environmentally responsible construction.
- Flexible Placement**
 Suitable for indoor and outdoor commercial installation.
- Comprehensive Warranty**
 10-year panel, 1-year door parts, 2-year compressor & parts, and 1-year labor coverage.

PRODUCT OVERVIEW

The PolarBox Series Walk-In Freezer is ideal for cafes and commercial kitchens, providing reliable storage for frozen goods. Made in America, it uses 24-gauge white galvanized steel panels, offering durable construction. The unit measures 8 ft (W) x 10 ft (D) x 7 ft (H), providing ample interior space.

This commercial walk-in freezer features a solid swing door with a height of 77 inches. It includes a keyed lock for security and a modular cam-lock with a tongue & groove hinge system for precise alignment. The self-closing, flush-mounted door includes a heating wire and pressure relief vent to maintain proper internal temperature and safe operation. The unit has a top-mounted compressor for effective cooling.

The insulation is 4-inch polyurethane with a thermal resistance of R-28, providing excellent temperature retention. Materials are CFC & HFC free for environmental compliance. This walk-in freezer is self-contained and uses R-448A refrigerant. It is hardwired for commercial electrical connection with 208/230 V, 60 Hz, 1-phase power.

The unit is UL listed in the US, NSF listed, and DOE certified. Warranty coverage includes 10 years on panels, 1 year on door parts, 2 years on the compressor and parts, and 1 year labor on the refrigeration unit. It also includes a condensing unit and evaporator for complete cooling functionality.
