- ✓ **Heavy Duty Blade**  
14" stainless steel blade supports structured slicing of meat and deli items in commercial foodservice operations.
- ✓ **Built-in Sharpener**  
Integrated sharpener supports blade maintenance during commercial slicing workflows.
- ✓ **Warranty Coverage**  
It includes a 1 year warranty by the manufacturer.

## PRODUCT OVERVIEW

The ProKitchen Series Electric Meat Slicer is designed for commercial kitchens, butcher shops, restaurants, and food preparation areas requiring controlled slicing operations. Constructed with anodized aluminum in a silver finish, it supports structured food slicing workflows. The unit measures 31" (L) x 24" (W) x 19.5" (H) and operates on a 4/7 HP motor at 250 RPM for commercial slicing applications.

The ProKitchen Series Electric Meat Slicer operates on 110 V, 60 Hz, single-phase electric supply with 350 W power and NEMA 5-15P plug type. It supports adjustable slice thickness from 0.2 to 12 mm for structured food preparation in commercial kitchen environments. The 14" stainless steel blade supports slicing tasks across meat processing and deli operations.

The ProKitchen Series Electric Meat Slicer includes a built-in sharpener and emergency shut-off switch for structured operation in commercial foodservice environments. It features a belt-driven mechanism, robust pusher handle, and perspex protector guard for handling control during slicing workflows in kitchens and food preparation areas.

The ProKitchen Series Electric Meat Slicer is cETLus Listed, ETL Sanitation Listed, and NSF Certified for commercial kitchen use. It includes a 1 year warranty by the manufacturer and features a polished finish with anodized aluminum construction. The shipping dimensions are 32" (L) x 27" (W) x 23" (H) with a shipping weight of 142 lb.
