SPECIAL FEATURES

- Spacious Pan Capacity**
 Standard Top holds 18 1/6-size pans, ideal for organizing ingredients during sandwich or salad prep in a busy kitchen.
- Accessible Door Design**
 Three solid swing-style self-closing doors allow quick retrieval of ingredients without interrupting workflow.
- High-Ambient Performance**
 Operates in environments up to 100.4°F, suitable for hot commercial kitchens.
- Safety Certified**
 ETL Listed and ETL Sanitation certified for compliance with professional foodservice standards.
- Flexible Shelving**
 Three coated wire shelves accommodate different pan sizes.
- Auto Defrost**
 Reduces frost buildup and manual maintenance, keeping the freezer ready for continuous use.
- Precise Temperature Control**
 Digital control with LED display enables chefs to monitor and maintain consistent refrigeration.
- Smooth Mobility**
 Six 6-inch swivel casters with locks make it easy to reposition the unit or clean underneath.
- Comprehensive Warranty**
 6 months parts and labor, including 6-month compressor coverage.
- Efficient Cooling System**
 1/3 HP compressor with R290 refrigerant maintains 33°F–41°F, keeping ingredients fresh for meal prep.

PRODUCT OVERVIEW

The CEST72 commercial sandwich and salad prep table from CoolEdge series is designed for preparing sandwiches and salads in busy foodservice operations. This freestanding unit constructed from stainless steel with a silver finish. It measures 72.5 in (W) x 31.5 in (D) x 43.62 in (H).

It features a Standard Top that accommodates 18 1/6-size pans and includes three adjustable coated wire shelves. The unit has three solid swing-style doors with recessed handles and a self-closing function.

A 1/3 HP bottom-mounted compressor with R290 refrigerant maintains temperatures between 33°F and 41°F. The digital control system with LED display allows monitoring and adjusting of temperature. An auto-defrost system reduces manual maintenance.

The prep table is equipped with six 6-inch swivel casters with locks. It operates on 115 V, 60 Hz, 3.4 A power via a NEMA 5-15P plug and supports environments up to 100.4°F ambient temperature. The unit is ETL Listed and ETL Sanitation certified and comes with a 6-month parts and labor warranty, including 6-month compressor coverage.
