WARRANTY

**10-Year Panel, 1-Year
Door Parts, 2-Year
Compressor & Parts, 1-
Year Labor on
Refrigeration Unit**

SPECIAL FEATURES

- ✓ **Galvanized Construction**
White galvanized steel exterior supports commercial kitchen and restaurant refrigeration environments.
- ✓ **Polyurethane Insulation**
4-inch polyurethane insulation with R-28 thermal resistance supports refrigerated holding performance.
- ✓ **Complete Refrigeration System**
The unit includes a condensing unit and evaporator for commercial refrigeration installation.
- ✓ **Secure Door Access**
The solid swing door includes a keyed lock for controlled access in foodservice storage areas.
- ✓ **Commercial Certifications**
UL Listed US, NSF Listed, and DOE certifications align with commercial kitchen requirements.
- ✓ **Large Storage Area**
Nominal dimensions of 10 ft x 17 ft provide organized cold storage for food handling operations.
- ✓ **Top Mounted Cooling**
Top-mounted refrigeration design keeps refrigeration components positioned above the storage area.
- ✓ **Structured Panel Design**
Modular cam-lock and tongue-and-groove construction supports panel assembly and alignment.
- ✓ **Self-Closing Feature**
Flush-mounted self-closing door design supports repeated access during restaurant operations.
- ✓ **Warranty Coverage**
Includes a 10-year panel warranty and refrigeration coverage with compressor, parts, and labor support.

PRODUCT OVERVIEW

The PolarBox Series Walk-In Cooler is designed for commercial kitchen operations, restaurants, and food storage applications requiring refrigerated holding space. It features white galvanized steel construction for daily foodservice environments. The unit measures 118" (L) x 197" (W) x 87" (H), with a nominal size of 10 ft width, 17 ft depth, and 7 ft height for organized cold storage.

This walk-in cooler uses 4-inch polyurethane insulation with an R-28 thermal resistance rating to support refrigerated storage conditions. The insulation material is CFC and HFC free and paired with 24-gauge panel construction. The modular cam-lock and tongue-and-groove panel design supports structured installation in commercial refrigeration setups.

The refrigeration system features a top-mounted configuration with included condensing unit and evaporator. It operates on 208/230 V, 60 Hz, and single-phase electrical service with a hardwired connection. The unit uses R-448A refrigerant and is designed for indoor and outdoor commercial kitchen applications.

This model includes a solid swing door with a 77-inch height, self-closing operation, and flush-mounted design. A keyed door lock supports controlled access in restaurant food handling areas. The unit is built without a floor and includes UL Listed US, NSF Listed, and DOE certifications. It includes a 10-year panel warranty, 1-year door parts warranty, 2-year compressor and parts warranty, and 1-year labor warranty on the refrigeration unit.
