SPECIAL FEATURES

- Heat Output**
Total output of 70,000 BTU/hr with 2 burners at 35,000 BTU/hr supports grilling in a commercial kitchen.
- Gas Operation**
Operates on liquid propane with 11" W.C. inlet gas pressure and a 3/4" connection for food service use.
- Cleaning Access**
Removable crumb tray and stainless steel radiants support maintenance in restaurant environments.
- Zoned Cooking**
1 burner per 12" section with a sloped surface supports multi-temperature cooking zones for chefs.
- Durable Build**
Stainless steel construction with cast iron grates and welded seams supports structured food handling.
- Warranty & Certification**
cETLus Listed and it includes a 1-year warranty by the manufacturer.

PRODUCT OVERVIEW

The KitchenCore Series charbroiler is designed for commercial kitchens requiring open-flame grilling for meats and vegetables. It features stainless steel construction in a silver finish with welded and polished seams, supporting durability in daily use. The unit measures 24" (L) x 27.3" (W) x 15" (H), supporting countertop placement. With two burners at 35,000 BTU/hr each, totaling 70,000 BTU/hr, it supports consistent heat distribution across sections.

It operates on gas with liquid propane compatibility, using a 3/4 in gas connection and 11" W.C. (LPG) inlet pressure, supporting standard setups. Each 12" section includes one stainless steel burner with individual controls, supporting zone-based cooking. The sloped cooking surface supports multi-temperature zones, while insulation supports heat retention during operation.

The unit includes cast iron grates in 3" x 22" removable sections, removable stainless steel radiants, a 4" stainless steel plating zone, and a removable crumb tray, supporting cleaning routines. Heavy-duty metal knobs with heat-resistant grips support handling. The product weight is 108 lb, with a shipping weight of 116.8 lb and dimensions of 26.7" (L) x 32.2" (W) x 20.4" (H). It includes a 1-year warranty by the manufacturer.

Condition: Damged on the right lower side, panel and under the unit too. Tray is damaged and does not slide in. Older version. No packaging.
