20-tier pan capacity supports organized sheet pan storage in high-volume commercial kitchen and bakery operations.
- ✓ **Aluminum Frame**  
Constructed with aluminum material and tubular frame structure used in commercial kitchen rack systems.
- ✓ **Heavy Duty Use**  
Designed for heavy duty operation with cylindrical connection bars and reinforced tubular frame structure.
- ✓ **Mobile Base**  
4 polyurethane swivel casters (5 in) with 2 brakes support controlled movement within kitchen environments.
- ✓ **NSF Certified**  
NSF Certified design supports commercial kitchen hygiene and food handling compliance requirements.
- ✓ **Warranty Coverage**  
It includes a 1-year warranty by the manufacturer for manufacturing coverage.

## PRODUCT OVERVIEW

The ProKitchen Series Bun Pan / Sheet Pan Rack is a commercial kitchen storage and transport unit designed for bakeries, hotels, and food preparation environments. It is used for handling, organizing, and moving sheet pans in commercial kitchen workflows.

The unit is constructed using aluminum material with a tubular frame type. It features cylindrical connection bars and 16 gauge aluminum angle slides with 1" x 1 1/2" sizing on 3" centers. Safety finished edges are included for controlled handling in food service operations.

This rack has dimensions of 20.25" (L) x 26" (W) x 69" (H) and a product weight of 25 lb. It supports full-size 18" x 26" and half-size 18" x 13" sheet pans with a 20-tier capacity, suitable for high-volume commercial kitchen operations.

It includes a curved top style, 3 in shelf spacing, and a no nesting configuration. The unit is equipped with 4 polyurethane swivel casters (5 in size), with 2 casters with brakes and 2 without brakes. It includes a 1-year warranty by the manufacturer.
