1 Year Parts & Labor

SPECIAL FEATURES

- Large 14" Blade**
 The stainless steel 14" blade provides precise slicing for deli meats and vegetables in commercial kitchens.
- Safety Features**
 Waterproof emergency shut-off switch and perspex protector guard maintain operator safety in busy foodservice environments.
- Maintenance Access**
 The slicer is easy to disassemble, allowing quick cleaning and maintenance in commercial kitchens.
- Adjustable Slices**
 Slice thickness ranges from 0.2 mm to 12 mm with a maximum width of 6.25 in, supporting varied menu requirements.
- Built-In Sharpener**
 The integrated blade sharpener keeps the slicer cutting efficiently for consistent results in low-volume operations.
- Certified and Covered**
 ETL Sanitation and cETLus listings indicate compliance with safety and hygiene standards, and it includes a 1-year warranty by the manufacturer.

PRODUCT OVERVIEW

The PrepMaster Series 31" Electric Meat Slicer is designed for chefs and foodservice teams in commercial kitchens. It features a 14" stainless steel blade and anodized aluminum construction, suitable for slicing deli meats and vegetables with precision. The slicer includes a built-in blade sharpener and perspex protector guard to maintain blade performance and safety.

Operating at 400 W and 120 V with a 2.3 A plug type (NEMA 5-15P), the slicer is belt-driven for consistent slicing and incorporates a waterproof emergency shut-off switch for enhanced safety in commercial kitchen operations.

The slicer allows adjustable slice thickness from 0.2 mm to 12 mm and a maximum slicing width of 6.25 in, supporting low-volume operations in delis, cafés, or restaurants. It includes a robust handle and is easy to disassemble for maintenance and cleaning.

Finished in silver, the unit measures 24" (L) x 31" (W) x 19.5" (H) and weighs 132 lb. It is ETL Sanitation and cETLus listed, reflecting compliance with commercial foodservice safety standards, and includes a 1-year warranty by the manufacturer.
