WARRANTY
1 Year Warranty

SPECIAL FEATURES

- Fine Filtration**
 The 1-micron rating supports water filtration applications used in commercial kitchen food preparation and beverage service.
- Consistent Flow**
 A flow rate of 2.2 GPM supports water delivery requirements in restaurant and food handling environments.
- Operating Range**
 The system operates within a pressure range of 0.1–0.35 MPa and a water temperature range of 41°F to 100.4°F.
- Dual Filter Design**
 The inline dual water filter includes both a PP filter and CTO filter as part of the filtration process.
- Flexible Installation**
 Quick connect fittings are included for connection to compatible water lines in commercial kitchen setups.
- Warranty Coverage**
 It includes a 1-year warranty by the manufacturer for commercial kitchen applications.

PRODUCT OVERVIEW

The ProKitchen Series Water Filtration System with Cartridges is designed for restaurants, cafés, catering operations, and other commercial kitchen environments that require filtered water for food preparation and beverage applications. The unit features an inline dual water filter configuration with a PP filter and CTO filter for water treatment processes.

Constructed with a polypropylene housing, this water filtration system is available in a white finish. The filter system includes a 1-micron rating, providing fine particle filtration as part of the water handling process. Quick connect fittings are included for connection to compatible water lines in commercial kitchen settings.

The filtration system operates within a pressure range of 0.1–0.35 MPa and delivers a flow rate of 2.2 GPM. It is suitable for water temperatures ranging from 41°F to 100.4°F, supporting a range of food service and beverage preparation applications where filtered water is required.

With overall dimensions of 9.64" (L) x 5.12" (W) x 12.6" (H), the unit is suitable for installation where compact filtration equipment is required. The cartridges feature a replacement cycle of 3–6 months based on operating conditions. It includes a 1-year warranty by the manufacturer.
