SPECIAL FEATURES

- 4-Drawer Access**
 Four drawers with heavy-duty pull handles deliver direct access to refrigerated ingredients at the cook line during busy service periods.
- Precise Temperature Control**
 Electronic controls hold the interior between 33°F and 41°F, maintaining safe holding temperatures for perishable food items throughout service.
- Mobile with Locking**
 Four heavy-duty casters with brakes allow repositioning across the kitchen floor while keeping the unit stationary during operation.
- 17.4 Cu. Ft.**
 A total storage volume of 17.4 cubic feet across the four drawers supports organized ingredient staging for commercial kitchen workflows.
- ETL Certified**
 ETL Listed and ETL Sanitation Listed certifications confirm this unit meets recognized electrical safety and food-zone sanitation standards for commercial use.
- 1-Year Warranty Included**
 Each unit is sold individually and backed by a 1-Year Warranty, providing a defined coverage period for commercial kitchen operators.

PRODUCT OVERVIEW

The Frigomax Series Chef Base Refrigerator is designed for commercial kitchens and restaurants that require refrigerated storage directly beneath cooking equipment, keeping ingredients accessible at the cook line without additional floor space.

Built with a stainless steel exterior and interior, this unit measures 32 15/16" (L) x 72 1/4" (W) x 26 15/16" (H) and offers 17.4 cubic feet of refrigerated capacity across four drawers, each fitted with heavy-duty pull handles for smooth, repeated access during service. The marine edge top style contains spills and supports full-size food pan placement, accommodating up to 2 full-size food pans at a time.

An electronic control system maintains a precise temperature range of 33°F to 41°F, powered by a 1/5 horsepower compressor drawing 3.1 amperes at 115V/60Hz on a single-phase circuit with a standard NEMA 5-15P plug. Four heavy-duty casters with brakes allow the unit to be repositioned across the kitchen floor while remaining firmly locked in place during operation, supporting a freestanding installation type.

This chef base refrigerator carries ETL Listed and ETL Sanitation Listed certifications, confirming it meets recognized standards for electrical safety and food-zone sanitation in commercial kitchen environments. A 1-Year Warranty is included with each unit sold individually.
