- ✓ **Certified Performance**

cETLus Listed, ETL Sanitation Listed, CSA Listed, DOE Compliant, Energy Star Certified with 2 years parts & labor and 6 years compressor warranty.

PRODUCT OVERVIEW

Platinum Frost Series Chest Freezer by PFCF is a commercial chest freezer designed for restaurants, grocery stores, food trucks, garages, stores, and home food storage applications. It features a 24 cubic feet capacity for bulk frozen food handling in commercial kitchen and retail environments.

The unit measures 76.6" (L) x 29.8" (W) x 32.5" (H), supporting freestanding installation in commercial spaces. The coated steel exterior supports durable usage conditions, while the aluminum liner interior supports structured cold storage organization. The white finish aligns with standard food service equipment environments.

It operates using an adjustable mechanical thermostat with convertible freezer and refrigerator functionality, supporting a temperature range from -11.2°F to 46.4°F. The wrap-around compressor style with deep freeze cooling supports consistent internal temperature control for food storage operations in commercial kitchen setups.

The chest freezer includes a solid top open lid with lock system and lid opening angles of 45° and 75°. LED interior lighting supports internal visibility. It includes a manual defrost system with built-in defrost drain for maintenance handling. It includes a 2 years parts & labor warranty and 6 years compressor warranty by the manufacturer.
