- ✓ **Durable Construction**
Metal wire material with chrome finish provides a sturdy structure for multi-area storage needs.
- ✓ **Adjustable Layout**
Adjustable configuration gives flexibility for chefs and staff organizing varied supply heights.
- ✓ **Certified Use**
NSF Listed certification supports foodservice compliance in restaurants.

PRODUCT OVERVIEW

The ChefPro Series CPCS14x48 Shelving Kit is ideal for commercial kitchens, stock rooms, retail setups, and other dry storage environments that require stable and organized shelf space. The shelving kit has a 1500 qt capacity, offering room for bulk ingredients and supplies in busy service areas. This metal wire unit has a chrome finish in a silver color, giving durability and a clean appearance suitable for restaurant and front-of-house use.

This shelving kit features adjustable, stationary, and vented shelves that support airflow around stored items in commercial environments. The overall size measures 48" (L) x 14" (W) x 72" (H), providing vertical storage while maintaining a compact footprint. The design includes 5 shelves that help maintain orderly placement of tools, dry storage items, and packaged goods throughout food handling spaces.

This shelving kit includes NSF-listed certification, reflecting suitability for commercial environments that follow food-related handling standards. The unit includes a 1-year warranty by the manufacturer for added support.
