2 Years Warranty

SPECIAL FEATURES

- ✔ **Dual Gas Compatibility**
The connector kit supports both natural gas and LP gas systems for commercial kitchen installations.
- ✔ **Braided Steel Strength**
It is constructed with 304 stainless steel braided hose with PVC coating for structural support.
- ✔ **Certified Safety Standards**
It is cCSAus Sanitation Approved for US and Canada and NSF Approved for commercial kitchen use.
- ✔ **Rotational Flexibility**
It features a 360° rotational end for flexible gas line positioning during setup.
- ✔ **Complete Installation Kit**
It includes hose, quick disconnect, two elbows, restraining cable, and full port valve.
- ✔ **Extended Warranty Coverage**
It includes a 2-year warranty from the manufacturer.

PRODUCT OVERVIEW

The ProKitchen Series Gas Hose Connector Kit is a commercial kitchen gas connection accessory designed for secure gas supply linkage in restaurant, hotel, and food service installations. It is constructed with stainless steel braided hose and PVC coating in a yellow finish, supporting durable gas line connectivity in commercial kitchen environments. The kit is compatible with natural gas and LP gas systems.

The hose assembly includes a 36 in length and 0.75 in diameter, designed with 304 stainless steel braided construction for structural integrity in gas handling applications. It features a 360° rotational end for flexible alignment during installation in commercial kitchen setups.

The kit includes hose, quick disconnect, two elbows, restraining cable, and full port valve, supporting complete gas connection setup requirements. It is certified cSAus Sanitation Approved for US and Canada and NSF Approved for commercial kitchen safety compliance.

The unit is supplied as 1/Each and includes a 2-year warranty. It is designed for gas inlet connection with a 3/4" gas inlet size group, supporting natural gas and LP compatible systems in commercial kitchen equipment installations.
