Flexible Organization
 Three PVC-coated shelves can be adjusted for flexible organization.

✓
Convenient Handle
 Recessed handle design allows easy and comfortable operation.

✓
Warranty Coverage
 Includes 1-year parts & labor coverage and 1-year compressor warranty.

PRODUCT OVERVIEW

The IceVault Series Reach-In Refrigerator IVRR29 is a commercial refrigerator for shops, restaurants, hotels, and catering kitchens needing reliable chilled storage. With a total capacity of 16 cubic feet, it provides ample space for storing ingredients and prepared items. Constructed with a stainless steel/aluminum exterior in silver color and an aluminum interior, the unit delivers strength and easy cleaning for busy commercial environments.

This commercial reach-in refrigerator is equipped with electronic controls and maintains temperatures between 33°F and 40°F for proper food storage. Three PVC-coated adjustable shelves allow flexible organization of products, while LED interior lighting provides clear visibility. The solid swing door features self-closing functionality with a 90° stay-open design for convenient loading and unloading.

The automatic defrost function reduces frost buildup, lowering the need for frequent manual maintenance. Measuring 29 in (W) x 25.5 in (D) x 82.5 in (H), this freestanding unit operates on 115 V, 60 Hz, single-phase with 3.1 A, NEMA 5-15P plug, 1/3 HP compressor using R290 refrigerant. The bottom-mounted compressor in this commercial refrigerator for shop contributes to stable operation.

A recessed handle and keyed lock provide convenient and secure access. Certified with ETL and ETL Sanitation listings, the refrigerator meets commercial compliance standards. Warranty coverage includes 1 year for parts & labor and 1 year for the compressor.
