PRODUCT OVERVIEW

The ChillCore Series CCBC53 Bottle Cooler is built for bars, restaurants, and catering environments that require efficient beverage storage. Constructed from black painted steel with an aluminum interior, it combines strength with an elegant finish. The freestanding unit provides 11.3 cu. ft. capacity, holding 270 12 oz. cans or 256 12 oz. bottles, organized on adjustable heavy-duty chromed shelves.

Three glass swing doors with a self-closing mechanism offer product visibility and convenience. This commercial bottle cooler operates on 115V, 60Hz, single-phase power with a 2.5A current draw. It uses an R600a refrigerant system with a 2.99 oz capacity, supported by auto defrost and a digital control system for reliable performance. The 34°F to 50°F temperature range allows for serving chilled beverages.

LED lighting enhances interior visibility for quick product access. The unit measures 53.2" W x 20.5" D x 35.4" H and includes a NEMA 5-15P plug type for easy electrical connection. Certified by ETL, ETL Sanitation, and NSF, this bottle cooler meets foodservice safety standards. It is backed by a 6-month warranty.
