SPECIAL FEATURES

- Moderate Capacity**
 The 5.6 cb3 capacity supports food display and storage in commercial kitchen and restaurant counters.
- Ventilated Cooling**
 Ventilated cooling with automatic defrost and bottom mounted compressor supports temperature maintenance.
- Back LED Lighting**
 LED lighting with back light board supports visibility for display in café and restaurant use.
- Durable Construction**
 Powder coated steel with double tempered glass supports structure in food handling environments.
- Mobile Placement**
 4 casters with 2 brakes support movement and positioning in commercial kitchen setups.
- Certified Unit**
 cETLus Listed, ETL Sanitation Listed, and NSF Certified with a 1-year warranty by the manufacturer.

PRODUCT OVERVIEW

The ChillCore Series Refrigerated Display Case is a freestanding open air / refrigerated unit designed for commercial kitchens, bakeries, cafés, and food retail environments. It operates on 110 V, 1 phase, 60 Hz with a 3.8 A electrical load and uses ventilated cooling to support steady air circulation across the display chamber.

The structure is made from powder coated steel and glass in a black finish with double tempered glass panels for durability and product visibility. It features a rectangular low-profile design measuring 49.4" (W) x 37.5" (D) x 33.2" (H), suitable for compact commercial counter and floor installations.

Temperature is maintained between 35.6°F and 50°F through a digital temperature controller with display. The system includes automatic defrost and a removable water tray for condensate management during continuous operation in food service environments.

This unit includes LED lighting with a back light board for full display visibility. It is equipped with 4 casters with 2 brakes for movement and positioning in commercial layouts. The display case is cETLus Listed, ETL Sanitation Listed, and NSF Certified and includes a 1-year warranty by the manufacturer.
