- Glass Door**
 The cool-touch dual pane translucent glass door provides visibility during cooking.
- Warranty Coverage**
 It includes a 6-month limited replacement warranty by the manufacturer.

PRODUCT OVERVIEW

The ChefPro Series Countertop Convection Oven is designed for cafés, bakeries, snack bars, and commercial kitchen baking applications. It features a stainless steel construction with one baking chamber and a cool-touch dual pane glass door. The countertop unit operates on 120V, 1 phase electrical power.

The oven provides 1.5 cubic feet of capacity and accommodates four half-size sheet pans with four racks. It operates within a temperature range of 150°F to 500°F with dial temperature controls and a 120-minute audible timer. The translucent glass door provides visibility during cooking.

The unit measures 23" (L) x 22.5" (W) x 16.5" (H) with an interior measuring 18.5" wide x 14.5" deep x 9.75" high. It features 1 7/16" oven shelf spacing for rack placement. The oven uses a bottom hinge door and includes a 71-inch power cord with a NEMA 5-15P plug.

The ChefPro Series Countertop Convection Oven operates with a 13.3-amp electrical load and 1600W heating system. It is CE Certified and ETL Listed for listed commercial kitchen standards. It includes a 6-month limited replacement warranty by the manufacturer.
