PRODUCT OVERVIEW

The PolarBox Series Walk-In Freezer Box is a commercial-grade refrigeration unit made in America, designed for restaurants, cafes, and other foodservice operations requiring reliable cold storage. Constructed from 24-gauge white galvanized steel with an floor, it delivers strength, corrosion resistance, and a stable foundation for heavy-duty use.

Measuring 6 ft (W) × 6 ft (D) × 7 ft (H), this freezer box provides ample interior space. The 4-inch polyurethane insulation with R-33 thermal resistance provides consistent freezing performance. The solid swing door, with keyed lock and self-closing, flush-mounted design, includes a heating wire and pressure relief vent to maintain interior temperature and access security.

Modular cam-lock and tongue & groove panels create a precise seal that minimizes air leakage and simplifies assembly. The unit features CFC and HFC-free insulation, supporting environmentally responsible operation. Operating via a hardwired plug type, the freezer box is UL Listed US, NSF Listed, and DOE certified, meeting strict commercial safety and performance standards.

This walk-in freezer box comes with a 10-year panel warranty and a 1-year door parts warranty, offering long-term reliability for busy commercial kitchens.
