- High-Volume Toasting**
 14" conveyor design accommodates bread, bagels, and muffins for continuous operation in commercial kitchens.
- Versatile Heating Options**
 Three heat options—top & bottom, top only, or energy-saving mode—support different menu items.
- Easy Maintenance**
 Removable feeder rack and crumb/grease tray simplify cleaning in busy commercial environments.
- Dual Energy & Speed Control**
 Variable control allows adjustment of heat and conveyor speed for consistent toasting results.
- Stainless Steel Construction**
 Durable stainless steel body with adjustable non-slip legs offers stability and long-term use.
- Certified & Warranty Included**
 cULus Listed and NSF Certified, and it includes a 1-year warranty by the manufacturer covering parts and labor.

PRODUCT OVERVIEW

The PrepMaster Series 14" Conveyor Toaster is designed for commercial kitchens, ideal for toasting bread, bagels, and muffins in high-volume settings. It features a stainless steel body in silver with adjustable non-slip legs for stable placement. The pass-through and return operation allows continuous toasting workflow.

The toaster operates on 208–240 V, 10.8 A with 2600 W wattage and a NEMA 6-15P plug. It includes variable control for dual energy and speed adjustment. The conveyor opening measures 15.7" L × 10.2" W × 2.2" H to accommodate various bread sizes.

It incorporates top and bottom metal heating elements with three heat options: top & bottom, top only, or energy-saving mode. A removable feeder rack and tray support ease of use and cleaning. Overall dimensions are 29.5" (L) x 14.5" (W) x 15" (H), and the unit weighs 41 lb.

The toaster is cULus Listed and NSF Certified for commercial use. It includes a 1-year warranty by the manufacturer covering parts and labor.
