WARRANTY

1 Year Limited Warranty

SPECIAL FEATURES

- **Stainless Steel Body**
  Stainless steel material supports routine cleaning and regular handling in commercial kitchen environments.
- **Silver Finish**
  Silver color aligns with stainless steel appliances for a consistent look across foodservice equipment.
- **Recognized Brand**
  Manufactured by Medal Equipment for clear identification during maintenance and parts ordering.
- **Up-Left Design**
  Up-left hinge type matches equipment doors that require this specific opening direction in restaurants.
- **Door Hardware Use**
  Specified as a door hinge for mounting and replacing doors on commercial kitchen units.
- **Warranty Included**
  Includes a 1-year warranty by the manufacturer for stated service coverage.

PRODUCT OVERVIEW

The Medal Equipment door hinge is designed for commercial kitchen equipment and suits chefs, restaurants, and foodservice operations that require stable door support. It is classified as a door hinge and functions as a dedicated hardware component for mounting and replacing doors on compatible units. The structure fits routine food handling environments where frequent opening and closing takes place.

This hinge is constructed from stainless steel, providing a solid and rigid body suited to daily cleaning and regular contact with moisture in restaurant settings. The metal surface aligns with common commercial kitchen standards and supports hygienic maintenance. The silver color matches typical stainless steel appliances and fixtures for a uniform appearance.

The hinge features an up-left hinge type, indicating the door opens from the upper left side when installed. This orientation supports correct placement on equipment designed for this swing direction. The defined hinge type assists technicians and maintenance teams during installation or replacement in busy commercial kitchen workflows.

Manufactured by Medal Equipment, this component serves as a replacement or fitting part for compatible foodservice units. The straightforward design aligns with standard door hardware used in restaurants and catering equipment. It includes a 1-year warranty by the manufacturer, providing stated coverage for the specified service period.
