SPECIAL FEATURES

- Reliable Cold Hold**
 A temperature range of 33°F to 41°F keeps ingredients within safe food handling parameters throughout the prep and service period.
- EC Fan Motor**
 The integrated EC fan motor delivers efficient refrigeration performance, contributing to consistent cooling across the 10.9 cubic foot interior.
- ETL Certified**
 The unit is ETL Listed and ETL Sanitation Listed, meeting recognized safety and sanitation standards for commercial food service equipment.
- Stainless Construction**
 Both the interior and exterior are built from stainless steel, supporting the hygiene and durability standards expected in a commercial kitchen.
- Flexible Shelf Storage**
 One adjustable heavy-duty epoxy coated shelf below the prep area allows kitchen staff to organize pans and ingredients to suit their workflow.
- Mobile on Casters**
 Four casters allow the pizza prep table to be repositioned within the kitchen, supporting flexible layout changes without heavy lifting.

PRODUCT OVERVIEW

The Frigomax Series 44" Pizza Prep Table is a single-door refrigerated prep unit suited for pizzerias, sandwich stations, and commercial kitchens requiring reliable cold storage and efficient ingredient access at the prep line.

This unit measures 32 5/16" (L) x 44" (W) x 42 1/16" (H) and holds 10.9 cubic feet of refrigerated space, maintaining a temperature range of 33°F to 41°F to support safe food handling throughout a service shift. The 1/5 horsepower compressor operates on a single-phase, 115V/60Hz circuit, drawing 1.7 amperes, and connects via a standard NEMA 5-15P plug for straightforward installation in most commercial kitchen environments.

Interior and exterior surfaces are constructed from stainless steel for durability and ease of cleaning, while the single adjustable heavy-duty epoxy coated shelf provides flexible storage below the prep area. The self-closing door with a 90-degree stay-open feature supports smooth workflow during busy service, and the EC fan motor contributes to efficient refrigeration performance. Four casters allow the unit to be repositioned as kitchen layout needs change.

Electronic controls give kitchen staff clear, accessible temperature management. Compatible cutting boards and pans are available separately, making this table adaptable to various prep configurations. The Frigomax Series Pizza Prep Table carries ETL Listed and ETL Sanitation Listed certifications and comes with a 1 Year Warranty.
