- ✓ **Removable Components**
Removable sliding doors and removable side and back panels provide access to the enclosed storage section.
- ✓ **Manufacturer Warranty**
It includes a 1-year warranty by the manufacturer.

PRODUCT OVERVIEW

The ProKitchen Series Enclosed Base Worktable is a commercial kitchen preparation and storage unit designed for restaurants, hotels, and food service operations requiring a flat work surface with enclosed storage. It is constructed with 304 stainless steel material in a silver finish, supporting food preparation and storage workflows in commercial kitchen environments.

The unit measures 48 in (L) x 24 in (D) x 34 in (H) and features a flat top made from 18 gauge 304 stainless steel. It is supported by four stainless steel legs and stainless steel bullet feet, providing structured placement in commercial kitchen layouts.

It includes an enclosed base with two solid sliding doors made from 304 stainless steel. The construction features removable sliding doors, removable side and back panels, and a stainless steel hat channel for added structural support.

The undershelf is made from 304 stainless steel with aluminum die cast clamp and supports 400 lb capacity. The top shelf supports up to 550 lb. It is NSF Listed, supplied as 1/Each, and includes a 1-year warranty for commercial kitchen worktable applications.
