PRODUCT OVERVIEW

The ChefPro Series Countertop Frozen Dessert Mixer is designed for mixing frozen desserts in commercial kitchen environments. The stainless steel construction with a silver finish supports durability for daily food handling tasks. It features a freestanding countertop design suitable for placement in service areas.

This unit includes a single spindle with a standard agitator, supporting applications such as ice cream, frozen yogurt, mix-in treats, and shakes. It operates at 3,440 RPM with a brushless induction motor, supporting consistent mixing performance. A removable splash guard is included for controlled operation.

It operates on 120 V with 2.6 A, 1 phase, and 50–60 Hz, powered by a 1/4 HP motor. The mixer includes a single-speed operation, supporting straightforward use in commercial kitchen workflows.

The unit measures 10" (W) x 8.3" (D) x 24" (H), supporting compact placement on countertops. It includes a 1-year warranty by the manufacturer for standard operational coverage.
