Rectangular shape with glass construction supports visibility of displayed items in service areas.
- ✓

Warranty Coverage

It includes a 1-year warranty by the manufacturer covering parts and labor.

PRODUCT OVERVIEW

The ChillCore Series Dry Bakery Display Case is a countertop unit designed for bakeries, cafés, and foodservice operators in a commercial kitchen. Constructed with stainless steel and glass in a black and clear finish, it supports structured food display and handling. The rectangular shape provides a distinct presentation style for front counter service areas.

With a capacity of 11.2 cb3, this dry (non-refrigerated) display case is intended for ambient storage of baked goods and pastries. It includes 4 fixed glass shelves that allow organized placement and separation of items during service. The glass door construction supports visibility, while the LED light switch feature supports illumination control for displayed items.

The unit features 4 front and back glass doors, allowing access from both service and customer sides. The door access type supports flexible food handling workflows in cafés and restaurant counters. This configuration aligns with commercial kitchen display and serving requirements.

This countertop unit measures 31.4" (W) x 22.6" (D) x 38" (H), making it suitable for larger counter spaces. It operates on 115 V, 1 phase, 7.7 A, and 60 Hz electrical specifications. It has a product weight of 114.6 lb and is cETLus Listed, ETL Sanitation Listed, and NSF Certified, indicating compliance with commercial standards. It includes a 1-year warranty by the manufacturer covering parts and labor.
