PRODUCT OVERVIEW

The ChefPro Series left side dishtable is designed for restaurants and commercial kitchen dishwashing stations requiring a landing surface for warewashing workflows. It is constructed from stainless steel with a 304 series material type and measures 36" (L) x 30" (W) x 44.8" (H), supporting integration with dishmachines.

The 16 gauge construction supports routine use in commercial kitchen environments. It includes a left-side installation configuration, supporting placement alongside dishwashing equipment. Stainless steel legs provide structural support for stable positioning.

The unit features a 10-inch backsplash, supporting wall coverage during dishwashing operations. The stainless steel material supports use in food handling and cleaning environments with regular maintenance.

This dishtable is NSF certified, aligning with sanitation standards required for commercial kitchen use. It is categorized as a left side dishtable and includes a 90-day warranty by the manufacturer.
