WARRANTY

10-Year Panel, 1-Year Door Parts, 2-Year Compressor & Parts, 1-Year Labor on Refrigeration Unit

SPECIAL FEATURES

- Galvanized Steel**
 White galvanized steel construction supports structured use in a commercial kitchen environment.
- Top Refrigeration**
 Top mounted refrigeration with compressor location above the unit supports overhead installation.
- Insulated Panels**
 Polyurethane insulation with 4 in thickness and R-28 thermal resistance supports internal temperature holding.
- Door Construction**
 Solid swing door with 77 in height includes self-closing and flush-mounted design for controlled access.
- Certified Unit**
 UL Listed US, NSF Listed, and DOE certifications align with commercial kitchen compliance standards.
- Extended Depth**
 59" x 217" x 87" size with nominal 5 ft x 18 ft x 7 ft supports storage planning in restaurants.
- Electrical Setup**
 Operates on 1 phase, 208/230 V, 60 Hz configuration used in commercial kitchen setups.
- Refrigerant System**
 Uses R-448A refrigerant with included condensing unit and evaporator for cooling operation.
- Secure Locking**
 Keyed door lock supports restricted access in food handling environments.
- Warranty Coverage**
 Includes 10-year panel, 1-year door parts, 2-year compressor & parts, and 1-year labor on refrigeration unit.

PRODUCT OVERVIEW

The PolarBox Series Walk-In Cooler is designed for commercial kitchen storage in restaurants and food handling areas. It features white galvanized steel construction suited for structured use. The unit measures 59" (L) x 217" (W) x 87" (H), with nominal dimensions of 5 ft width, 18 ft depth, and 7 ft height for installation planning.

This walk-in cooler includes top mounted refrigeration with a top mounted compressor location. It operates on 1 phase, 208/230 V, 60 Hz electrical configuration. The refrigeration system uses R-448A refrigerant and includes a condensing unit and evaporator, forming part of the cooling setup. The unit is hardwired and designed for indoor and outdoor usage.

The cabinet uses polyurethane insulation with 4 in thickness and R-28 thermal resistance. The insulation material is CFC & HFC free, and the structure uses 24 gauge panels, supporting defined panel construction in commercial kitchen environments. The unit comes without a floor, allowing placement over existing surfaces.

It includes a solid swing door with a 77 in height, featuring a self-closing and flush-mounted design. The door includes a keyed lock and modular cam-lock, tongue & groove hinge system for assembly. It includes a 10-year panel warranty, 1-year door parts, 2-year compressor & parts, and 1-year labor on the refrigeration unit. Certifications include UL Listed US, NSF Listed, and DOE.
