### SPECIAL FEATURES

- ✔ **A Complete Breakfast Kitchen on Wheels**  
 The Sunrise™ Breakfast Trailer is a fully engineered, commercial-grade mobile breakfast restaurant for pancakes, waffles, omelettes, breakfast sandwiches, wraps, and more.
- ✔ **Perfect for High-Morning Traffic Spots**  
 Excellent for business districts, corporate parks, schools, college campuses, residential neighborhoods, construction areas, events, tourist locations, weekly markets, and food parks.
- ✔ **Health & Safety Ready**  
 Includes hand sink, 3-compartment sink, stainless interior finishing, plumbing system, and commercial ventilation, designed to meet mobile food safety standards (local code dependent).
- ✔ **Financing Available**  
 Launch faster with flexible monthly payment plans.
- ✔ **Designed for Busy Morning Rush**  
 Equipped with griddle, range options, refrigeration, prep tables, hood system, sinks, power integration, and smart workflow layout to keep service fast and efficient when every second matters.
- ✔ **Supports Versatile Breakfast Menus**  
 Suitable for American breakfast, brunch menus, omelette stations, waffles & pancakes, breakfast tacos, sandwiches, burritos, loaded breakfast bowls, and light café menus.
- ✔ **Commercial Grade Construction**  
 Heavy-duty trailer build, reinforced flooring, food-safe interior, and reliable long-term durability for daily morning business operation.

## PRODUCT OVERVIEW

The Sunrise™ 16 FT Breakfast Trailer is built for entrepreneurs, restaurant owners, and mobile food vendors looking to launch a profitable morning business quickly. It removes challenges such as unreliable fabrication, incorrect kitchen design, and health compliance issues by providing a fully equipped, ready-to-operate mobile breakfast kitchen.

This trailer includes a powerful griddle with optional range, breakfast cooking stations, refrigeration, stainless prep counters, sinks, plumbing, ventilation, and electrical integration. Its workflow-focused layout ensures smooth staff movement, organized prep flow, and fast order turnaround during busy morning rush hours.

Constructed with heavy-duty reinforced materials, non-slip flooring, food-safe interior finishing, and strong framework, the trailer is built for consistent daily performance. It supports pancakes, omelettes, waffles, breakfast burritos, bowls, wraps, loaded toast, or café brunch concepts with ease and efficiency.

**Includes:** Cooking equipment (griddle and range, optional waffle/breakfast equipment), commercial exhaust and ventilation, undercounter refrigerator with optional upright, cold rail prep table with stainless worktops, hand sink with 3-compartment sink, fresh and waste water tanks, and non-slip commercial food-grade flooring.
